

Rifle Sing Sweet

Dexta Daps

Da, Daseca, look how long we no kill no boy
And how dem draw we out
But dem brighter than 20 bulb
And need some sorting out
Dem hear the K a sing so sweet
And think dem saw the ghost
Daseca kill dem fast and raise the glass
And start the toast

How da rifle yah sound so sweet like Beres Hammond
It longer than the locks of Junior Gong
And you see when me wave it
It spit fire like Capleton
Me six pence black and ugly like Ninja Man
