Dexta Daps

Cutchy load from in another land  
Wey the grabber stink like alligator pond  
The scheme hot, today we a the weather man  
A bwoy shoulda drop, but the Beretta jam  
Long time we nuh kill a man  
So we circle dem end's like the letter man  
Set a bomb, make a dam  
Black rain fall, something must catch a man

Daseca when the grabber hot  
Scheme hot like Shabba madda pot  
Shot fire every man a drop flat  
Everybody strap, every pon a knock  
Spin like the rims on the Cadillac  
When the M1 a knock  
Shot fire every man a drop flat  
We around here so everybody, back-back

We badder than, everything weh bad  
Madder than, everything weh mad  
Black rain fall when you see we not  
Steel pan a beat like Trinidad  
When we step in a the street like criminal  
Three duppy weekly the minimal  
Funeral, dinner nam  
Nobody a view don't give a damn

When the grabber hot  
Scheme hot like Shabba madda pot  
Shot fire every man a drop flat  
Everybody strap, every pon a knock  
Spin like the rims on the Cadillac  
When the M1 a knock

Cutchy load from in another land  
Weh the grabber stink like alligator pond  
The scheme hot, today me a the weather man  
A bwoy shoulda drop but the Beretta jam  
Long time we nuh kill a man  
So we circle dem end's like the letter man  
Set a bomb, make a dam  
Black rain fall, something must catch a man
