

Tonight

Dexta Daps

Things like this, she's never seen before
She dream, but she never live inna a dream before
The boy just a have her a clean the floor
But tonight let me turn the lights down
Yeah, put on a nice song
Baby, let me turn me IPhone.. off
Slowly take your clothes off
Oh, oh, oh, oh

Your wish will come true tonight, I know what you like
Oh baby, let's do something new, me and you
We're like, tonight
You're gonna be flying higher heights
When I fuck you tonight, tonight

Put your hands on the dresser
Spread your legs wide, make me check you
Guilty, wet up
Oh God, she make me get up
Pussy like this, make the Dappa waan settle, yo
She want a man weh match up
Pick her up, bring her outside
'Pon the roof, inna the ghetto
Under the moonlight
Pussy a beat, while gunshot a echo (echo, echo, echo)

Tonight, I know what you like
Oh baby, let's do something new, me and you
We're like, tonight
You're gonna be flying higher heights
When I fuck you tonight, tonight, yeah

Sex on the beach, but not the drink
Go up inna the tree, brace your back 'pon the limb
Sidung inna me lap while the barber a trim
Or up inna the club while the DJ a spin
Baby, me got something fi we try out
Make we drive out, before the night done
Walk 'pon thw soft shoulder, like we bruk down
Police a come

Come through tonight, I know what you like
Baby, let's do something new, me and you
Hey, we're like, tonight
You're gonna be flying higher heights
When I fuck you tonight, tonight, yeah

Things like this, she's never seen before
She dream, but she never live inna a dream before
Bwoy just a have her a clean the floor
But tonight, turn the lights down
Yeah, put on a nice song
Baby, let me turn me IPhone.. off
Slowly take your clothes off
