

# Wine For Me

Dexta Daps

Woo, woo  
Woo, woo, woo  
Yo, woo, woo, woo, woo

The coldest, loneliest night  
I've been having hell without you lately  
Reminiscing 'bout your body last night  
Can't forget the loving that she gave me  
You're looking at a whole new guy  
Looking back, I must have been crazy  
You fi know say Dappa love you like life  
Regardless a the cattys dem weh chase me

I will never ever leave you, baby  
Not even forever is enough to see you, baby  
If a love you want you know me got it for you, baby  
I think you should know your body got me going crazy  
I've seen so many queens  
None a dem, love me mek me feel  
Like me can love again

So when you whine for me  
Serious like a judge when me grip you like a toe  
Cyaan resist the type a love  
Whine for me  
With this type a love  
You can meet the sights a love  
When you hit the skies above  
Whine for me  
Serious like a judge when me grip you like a  
You cyaan resist the type a love  
Whine for me  
Cyaan get enough  
If you wanna feel the love  
You can see me in the tub  
When you whine

Me miss you like when light gone  
Cyaan wait fi you cum  
So put your left hand inna me right palm  
Come here fi we comfort  
She seh she know this loving a fi real  
Two a we a soldier 'pon the battlefield of love  
She believe inna love  
That inspire me, fi believe inna you

Whine for me  
Serious like a judge when me grip you like a toe  
Cyaan resist the type a love  
Whine for me  
With this type a love  
You can meet the sights a love  
When you hit the skies above  
Whine for me  
Serious like a judge when me grip you like a toe  
Cyaan resist the type a love  
Whine for me

Cyaan get enough  
If you wanna feel the love  
You can see me in the tub  
Whine for me
