Dexter Freebish

I'm gonna spend another night all by myself Like a loser on the outside looking in No one cares if I disappear and don't come back Cause the only friends I have are in my head And I know that I'm alive but I feel dead

I wanna be that guy that gets the girl and saves the world Then everyone would wanna be like me, be like me I wanna be that guy that's got it made gets overpaid Then everyone would wanna be like me, be like me

Confidence and ego trips I never took You'll never know the places that I've been Who is gonna sell me a miracle Cause every star I've wished on fades away And my universe gets dimmer every day

I wanna be that guy that gets the girl and saves the world Then everyone would wanna be like me, be like me I wanna be that guy that's got it made gets overpaid Then everyone would wanna be like me, be like me

Who am I to blame There's nothing I can change Everything's the same
