Wonderland

Dexter Freebish

You sit in a stairwell, there is no sound You feel like a king that has lost his crown You're not turning heads in a beat up truck You think you'll never win because you've got bad luck

Well it might get better because it can't get any worse...

This wonderland Is this the life you thought you would have This wonderland Is this where you dreamed you'd be at

Well it might get better because it can't get any worse ...

Monday's bad, but Friday's worse You called for a cab and they sent a hearse You wanna go out, but there's nowhere to go You're still stuck in the middle of a bad TV show

Well it might get better because it can't get any worse...

This wonderland Is this the life that you thought you would have This wonderland Is this where you dreamed you'd be at

This wonderland Is this the life that you thought you would have This wonderland Is this all you can give
