

Dance With Me

Dexys

Come on dance with me
Before you go into the night
Come on dance with me
You really are the greatest sight

Let me put help you put on your clothes, the way you love me to
I'll help you brush your hair, put on your stockings too
I'm so glad to be around and help you how I should
I'm just doing what's right for you, like anybody would

Oh please dance with me
Before you go into the night
Oh please dance with me
You really are the greatest sight

I see anticipation rising up in you
I wanna see you move your hips, the way you love to do
Tonight you're going out to do what you wanna do
And that's makes me feel so proud, I'm so in love with you

Oh please dance with me
Before you go into the night
Oh please dance with me
Really, you're the greatest sight

I love to see your body doing what it wants to do
I wanna see you express yourself, I'm so in love with you
I know what you want do and that's alright with me
So happy to be your thing
I don't want you all for me

Oh please dance with me
Before you go into this night
Come on dance with me
You really are the greatest sight

And now I'm all alone, you've gone into the night
I'm thinking about you now as somebody holds you tight
Can't wait to see you again and hear about your night
I hope you'll take that love, cause it's your god-given right

Oh please dance with me
Before you go into the night
Come on dance with me
You really are the greatest sight

Come on, dance with me

Come on
