

Blur

dhruv

The room became a blur
And all I could see was you dancing
Watch your necklace and your curls
Bounce under strawberry lights

I'm biding my time
Loving you feels like a daydream
And leaving you twists like a knife
You know you're going to save me
From my idle mind

Don't stop with your beautiful mess
Spin my world on your axis
Hold onto the madness
When does dreaming end and waking begin?
It's all in a blur again
Soft shock, put a spring in my step
We touch and it's static
This love's cinematic
Where does dreaming end and waking begin?
It's all in a blur again

You leave to see the world
And bring back your pearls of wisdom
Say something so profound
In your unassuming way

I'll take your advice
Loving you feels like a fever
But I'd never want to cool down
I find it hard to believe
That I met you on my way out

Don't stop with your beautiful mess
Spin my world on your axis
Hold onto the madness
When does dreaming end and waking begin?
It's all in a blur again
Soft shock, put a spring in my step
We touch and it's static
This love's cinematic
Where does dreaming end and waking begin?
It's all in a blur again

Sense scattered
Nothing matters
Don't wake me up
If it shatters
Don't wake me up
Don't wake me up

Don't stop with your beautiful mess
Spin my world on your axis
Hold onto the madness
When does dreaming end and waking begin?
It's all in a blur again
Soft shock, put a spring in my step

We touch and it's static
This love's cinematic
Where does dreaming end and waking begin?
It's all in a blur again
