

California Winter

dhruv

Writing you this letter
In the heat of late December
Sand inside my shoe
Sun in my eyes
The coffee here's better
Days smooth around their edges
A dream but I confess it isn't mine

I'm not feeling like myself
I've been going through some hell
Out from underneath her spell
Yeah I'm lost in California
No one loved me like you did
Deep in waters of regret
Left to get my life on track
But I'm lost in California

The sky's so blue
And I am too
I'm counting down the days 'til I see you
I got lost in California

Picture you beside me
When I get my morning jog in
I heard it's so much colder
Way out there
And memories wash over me as I lie under
The palm trees
Sinning by your fireplace
Just this time last year

I'm not feeling like myself
I've been going through some hell
Here my closest friends can't tell
That I'm lost in California
No one loved me like you did
Deep in waters of regret
Baby it's an SOS
'Cause I'm lost in California

The sky's so blue
And I am too
I'm counting down the days 'til I see you
I got lost in California

California
Tried falling for you
The more I know you
The less I want to
California
Tried falling for you
The more I know you
The less I want you

I'm not feeling like myself
I've been going through some hell
Here my closest friends can't tell

That I'm lost in California
No one loved me like you did
Deep in waters of regret
Baby it's an SOS
'Cause I'm lost in California
