I could say I never dare
To think about you in that way, but
I would be lying
And I pretend I'm happy for you
When you find some dude to take home
But I won't deny that

In the midst of the crowds
In the shapes in the clouds
I don't see nobody but you
In my rose-tinted dreams
Wrinkled silk on my sheets
I don't see nobody but you

Boy, you got me hooked on to something
Who could say that they saw us coming?
Tell me, do you feel the love?
Spend the summer of a lifetime with me
Let me take you to the place of your dreams
Tell me, do you feel the love?

And I could say I never unzipped
Those blue Levi's inside my head
But that's far from the truth
Don't know what's come over me
It seems like yesterday when I said
We'll be friends forever

Constellations of stars
Murals on city walls
I don't see nobody but you
You're my vice, you're my muse
You're a nineteenth-floor view
I don't see nobody but you

Boy, you got me hooked on to something
Who could say that they saw us coming?
Tell me, do you feel the love?
Spend the summer of a lifetime with me
Let me take you to the place of your dreams
Tell me, do you feel the love?

Boy, you got me hooked on to something
Who could say that they saw us coming?
Tell me, do you feel the love?
Spend the summer of a lifetime with me
Let me take you to the place of your dreams
Tell me, do you feel the love?

Do you feel the love?
Do you feel the love?
Do you feel the love?
Do you feel the love?
Feel the love
Do you feel the love?
