

## what's wrong with me

dhruv

Found me a boy who does everything right  
Knows me generously, calls me late in the night  
When I'm down  
Oh, I found me a man with an exquisite mind  
He's a world of bright color when he hears these songs  
And the sounds (sounds)

But I don't wanna spend another moment  
Acting like it's everything when we kiss  
Tripping like I didn't know something's amiss  
In my heart  
Oh, I refer you to the gods, the heavens  
"Let me fall in love with this gentleman"  
Tell me why my mind keeps wandering  
To other guys

What's wrong with me?  
What's wrong with me?  
What's wrong with me? Oh no, no, no  
What's wrong with me?

Get you someone who tells you what you worth  
Picks you up from the bottom and scrubs off the dirt  
With his hands  
Oh, found me a love that feels stable and safe  
But I'm starting to wonder if I need the chase  
Of a man

And I don't wanna spend another moment  
Lying to a boy who don't deserve it  
Telling empty words that I never meant  
In my life  
And I thought that this would be a sweet dream  
Tell me was Monday reality?  
Boy, you did so good, it's all on me  
This time

What's wrong with me?  
What's wrong with me?  
What's wrong with me? Oh no, no, no  
What's wrong with me?

I'm so sorry, I'm so sorry  
You deserve better  
I'm so sorry, I'm so sorry  
You deserve better  
I'm so sorry
