

## 90s Kid

DI-RECT

Everyone could do it  
There was nothing to it  
And you only had to listen to yourself

Skippping class and be moody  
Stitching patches on blue jeans  
In a land of teenage dreams and cheap motels

Superhero suicide  
Streets ablaze with candlelight  
A getaway is all I ever wanted

Thinking of what I did  
When I was a nineties kid  
Feels like a lifetime

Working on a miracle  
Better not be cynical  
So go live it up now, this is the right time

Rise above the physical  
Cranking up a stereo, baby  
If we could just get high on life again

Thinking of what I did  
When I was a nineties kid

Panic rules the world  
For all you boys and girls  
Save the lost ones crying for attention

Desolate identities  
Fifteen second memories  
How much for some genuine affection?

Cause I'm a nineties kid  
Something I won't forget  
But feels like a lifetime

Working on a miracle  
Better not be cynical  
So go live it up now, this is the right time

Rise above the physical  
Cranking up a stereo, baby  
If we could just get high on life again

Thinking of what I did  
When I was a nineties kid  
Feels like a lifetime

Every one could do it  
There was nothing to it  
And you only had to listen to yourself

Go live it up now  
This is the right time

I'm thinking of what I did  
When I was a nineties kid  
Feels like a lifetime

Thinking of what I did  
When I was a nineties kid
