

Born Again

DI-RECT

The ashes flying in the air
Smell the ancients in our hair
We're saving what we can
For reasons you don't understand
We will let go of your hand

And feel like we're born again
And feel like we're born again
And feel like we're born again

Savage wisdom in the woods
So much to share, but nothing to prove
Countless bottles in the sand
We got no time to pretend
You washed away your innocence
Your Holy Grail, still full of sin
But you'll feel like you're born again
Your freedom is our punishment
To fix the problems that you can't

You'll feel like you're born again
You'll feel like you're born...
Jump in the water
Jump in the water

Savage wisdom in the woods
So much to share, but nothing to prove
Countless bottles in the sand
We got no time to pretend
You buried all the evidence
If you forgive what you don't understand

You'll feel like you're born again
We deal with your antipathy
But Love cares for its enemies

You'll feel like you're born again
You'll feel like you're born again
You'll feel like you're born again
Jump in the water

Fight for your woman
Fight for your man
Fight for the children
Fight for your friends
Fight for the broken
Fight for who can't
Fight for a reason
Fight for a chance

And you'll feel like you're born again
And you'll feel like you're born again
And you'll feel like you're born again
