Fired Up

DI-RECT

By the way, gotta say
I'm 'bout to lose my mind
I'm fired up
Why would I lie to you?
Won't you see for yourself? Oh lord
You can scream, make a scene
Honestly I don't care, don't mind

So you can take me on
Do you have what it takes?

We need to settle down
We need to settle
We need to come around
But we can't calm down, no, no

Break a leg, swing a fist
And give it all you got
I can see right through you
All I see is myself, myself
Shout it out to me
Break the sound barrier, oh lord

So I can take you on
If I have what it takes

We need to settle down
We need to settle
We need to come around
But we can't calm down, no, no, yeah

We need to come around, girl
Hey, make no mistake, hey baby
Cause we could come around, baby

Raise your hands, gather up
You're 'bout to cross that line, oh yeah
Break that chain, have no fear
Show me that you're still alive, yeah
Stretch your arms, all the way
You're 'bout to touch that sky, oh my
I'm so fired up, we are here
We go for broke 'til we die

We need to settle down
We need to settle down
We need to settle
We need to settle down
We need to settle down
We need to settle down
But we can't calm down, no, no, yeah

Come around, darling
I'm beggin', please
Come around, baby
We can work it out anytime of day now
Come around, baby
