Invincible

DI-RECT

Every night summercamp
Carnaval festival
Merry go for a spin, to whirl around

Where the siege all stood and the swings we'd be getting on down
They lit it up burned it down, turn around

Back in the day we were invincible
We never gave up
We entertain the unpredictable
We could never be stopped

Take a trip let it go
Superman flying on
Wired up, cut the rope
To whirl around

I... take a deep long dance on the leather
Boy if she wants to sing out in the confetti rain
All you real friends still around, a whirl ago

Back in the day we were invincible
We never gave up
We entertain the unpredictable
We could never be stopped

Back in the day we were invincible
We never gave up
We entertain the unpredictable
We could never be stopped
Never stopped, never stopped, never stopped

We could never be stopped
Never gave up
We couldn't be stopped
Never gave up
No we couldn't be stopped
Never gave up
We couldn't be stopped, never stopped, never stopped, never stopped, never..
.

Woo-hooo!

Back in the day we were invincible
We never gave up (we never gave up)
We entertain the unpredictable
We could never be stopped (we couldn't be stopped)

Back in the day we were invincible
We never gave up (we couldn't be stopped)
We entertain the unpredictable (we couldn't be stopped)
We could never be stopped
Never stopped, never stopped, never stopped, never...
