Naked

DI-RECT

What if I said I'm scared?
What if I showed my ugly?
How would it make you feel?
Maybe a touch too real
Is it okay if I cry out loud
In a place where emotions don't count?
It might feel like I'm too much
Can I laugh when nobody else does?
Nobody else does

Can I feel free to feel at all?
I'd like to be myself for once
Without it being frowned upon
Can I feel free to feel at all?

Do you want me to shut up?
Would you call me rude if I don't stop?
Should I feel uncomfortable
When I start to lose control?
Are lies too sacred?
Is my truth too naked?
Truth naked

Can I feel free at all?
I'd like to be myself for once
Without it being frowned upon
Can I feel free to feel at all?

Will you please come close to me?
Forget what we used to be
So don't speak at all
Your shivers give me hope

What if I said I loved
All of the ugly stuff?
What if I showed my pain?
Maybe you feel the same
