

On The Farm

DI-RECT

It's summertime and the weather is hot
I'm on the farm right on the spot
All the chicken are looking at me
The farm is where I want to be

Together, Hey!! On the farm

It's summertime and now I'm really hot
Cause the chicken are fucking on the parking lot
They're fucking on the fencen and on the roof of the barn
On the haystack and under the car

Together, Hey!! On the farm

Rap:

It's great to see a rooster and a chicken having fun
It's just a natural habit and they're not the only one
Chicken will defeat all the pornstars in the whole wide world
Cause they're rock&roll and that's what I've heard

And if you're thinken "where's the qlue" ?
Then pay some attantion, cause I'm telling you
The rooster will scream like a firealarm
If you grab his hen from the oldschoolfarm
