

# Someday

DI-RECT

she moved ahead  
out of the circle  
couldn't take it no more

I'm cool instead  
I'm cheating I'm faking  
like never before

what's going on in my mind  
I go crazy

someday  
I'll be the one who  
holds you  
but I don't wanna know if it's true  
someday  
I'll be the one you look up to  
but I don't wanna know if it's true  
where are you

day in day out  
I drink I shout  
and I don't care

still I believe the good in me  
will bring me back

or is it all in my mind  
I'm going crazy

someday  
I'll be the one who  
holds you  
but I don't wanna know if it's true  
someday  
I'll be the one you look up to  
but I don't wanna know if it's true  
where are you

bring me back  
bail me out  
where are you

someday  
I'll be the one who  
holds you  
but I don't wanna know if it's true  
someday  
I'll be the one you look up to  
but I don't wanna know it it's true

someday  
someday
