

## The Chase

DI-RECT

Save in the heart of the night  
Walkin' away from the crowd in the dark  
Findin' my way through the stars  
Mend to be free, but my feet on the ground

When I sleep, I awake  
And by the day I come alive  
I feel I'm on my way  
Like a chase of night and day

Holdin' the sun in my hand  
Dancin' alone on the top of the world  
Back again at the starting line  
Tackin' what is mine, until my time

When I'm a sleep, I awake  
And by the day I come alive  
I feel I'm on my way  
Like a chase of night and day

Now I try to find the hidden place  
And I feel, I'm on my way

Ooohhohohohohohooo (4x)

I feel, I'm on my way  
Like a chase of night and day  
Now I try to find the hidden place  
I feel, I'm on my way
