No need to say it, no need to play it down
No need to say it, no need to play it down

No need to say it, no need to play it down
We're in it together
No need to say it, no need to play it down
We've gotta keep it together
No need to say it, no need to play it down
We're in it together
No need to say it, no need to play it down
We've gotta keep it together
No need to say it (so keep it together), no need to play it down
