Baby can't stop, I wanna hear it
I keep wanting to hear it
My head is filled with you
Oh baby can't stop
We're getting closer
Oh, I can't stop

Do you know? Did you know?
I'm always lingering around you, I miss you
Without even knowing, this love has started
I hope it reaches you

(Between us)
We're connected by an invisible line
Step by step, on my way to you
Little by little, I'm going more and more

Baby can't stop, I wanna hear it
I keep wanting to hear it
My head is filled with you
Oh baby can't stop
We're getting closer
Oh, I can't stop

Can't stop, to you
Can't stop, my heart
Can't stop, to you
Don't act like you don't know

I don't know when but slowly
I feel your eyes on me
These coincidences keep repeating
I'm being pulled by you

(Between us)

We're connected by an invisible line
Step by step, on my way to you
Little by little, I'm going more and more

Baby can't stop, I wanna hear it
I keep wanting to hear it
My head is filled with you
Oh baby can't stop
We're getting closer
Oh, I can't stop

When I get nervous sometimes
I think of your voice
(Always)
Will you be close to me, where I can reach
Will you always be by my side?

We will become stars
It's win win for both of us
Your confession is so confession-like
Our feeling is so sensual

Bling bling, the sun is shining
Under it, you'll hold me so tight
Monday through Sunday, every day
I'm spinning around you

Baby can't stop, I wanna hear it
I keep wanting to hear it
My head is filled with you
Oh baby can't stop
We're getting closer
Oh, I can't stop

Can't stop, to you
Can't stop, my heart
Can't stop, to you
Don't act like you don't know
