I was struggling all day
The closer the day came
Days we wanted to meet
On that street we walked on a lot

(The closer I get)
I see you from far away
(The more I approach you)
Without knowing, again

Tears rose up
So I couldn't say anything like a fool

Memories came back
So tears fell in the end, oh yeah

Just call my name
I'm too tired to wait now, it's too cruel
My story that I haven't told you yet
With a sad heart, I'm just kicking at the ground
Time keeps passing
Flower petals keep poking my shoulder
I hear the familiar voice calling to me
I feel overwhelmed, tears rise up

It's been a while
So I couldn't even say hi
Couldn't even make it obvious that I like you
Hold my hand first

(Thank you so much)
It's been a while, your voice
(The more I approach you)
Without knowing, again

Tears rose up
So I couldn't say anything like a fool
Memories came back
So tears fell in the end, oh yeah

Start again, LOVE LOVE LOVE
Thank you, my LOVE LOVE LOVE
We came a long way but we met today on this path
Promise me that you'll look at me once more

Tears rose up
So I couldn't say anything like a fool
Memories came back
So tears fell in the end

My heart is racing
I'm so happy like a child
Memories came back
So tears fell in the end, just like that day
