The road you left is still the same  
I can't stop this sadness, not even a little  
The spilling tears and sadness ring out  
The withering seed becomes a flower with your touch  
You heard criticism and pain  
But you fought against it  
No other word that touched you more than "homeland"  
Your shouts became an echo after they have left far away  
Only your scent remains deep in my heart as you disappear  
I can't fall asleep especially tonight  
So I'm shutting my eyes and praying

Because you had faith and hope  
Because I declared your silence  
Farewells, dilemmas, hope and encounters  
Shout out loud with a big voice, Taehwagwan

The warm wishes you gave to me  
Make me dream  
In blurry times, you are so clear  
Making me smile  
I close my eyes  
But I hear your voice  
The long pain becomes the sky  
It's right here, forever

My comrades, 11 anonymous people  
We engraved our promises in red  
In the name of a union  
Who gets to live isn't important  
Independence of Korea, this nation is ours  
Only with our strength  
We can do this  
If we lose our country, we have no tomorrow  
I pulled on the chains of freedom without hesitation  
The promise that Harbin  
Rang across the sky  
So your tears won't be in vain  
My mother is in my heart  
Your death isn't yours  
Your life is for you homeland  
So be the ash that will make a flower bloom

The warm wishes you gave to me  
Make me dream  
In blurry times, you are so clear  
Making me smile  
I close my eyes  
But I hear your voice  
The long pain becomes the sky  
It's right here, forever

In this painful reality before us  
You were the light in our dark and poor lives  
The night rain whispers to you  
When will fear disappear?  
Working so hard, enduring strongly  
What came back for us was force  
It was possible only because it was you  
You've filled up my eyes

The year of 1919, March 1  
What everyone wished for  
People filled up at Topgol Park  
Shouts of hurrays ring out  
Do you remember? You and me  
One document with 33 people  
Spread outside the Taehwagwan  
It was for everyone's wishes  
The flag in the embrace of a 16 year old boy  
Can you hear the nationalism in his heart?  
Martyr Yoo Kwan Soon's voice  
The present, past and future  
They helped to connect everything  
As they became ash to make a flower

Bloom under my feet  
That's how it was possible

The warm wishes you gave to me  
Make me dream  
In blurry times, you are so clear  
Making me smile  
I close my eyes  
But I hear your voice  
The long pain becomes the sky  
It's right here, forever
