How should I say this? How should I start?  
The moment I first met you (Holic Holic baby)  
You pretended to be cold but you kept smiling  
And my heart acted on its own (woo ah woo ah yeah)

Will you make that face that I imagined?  
Or will you jump in surprise?  
Hello hello, I see you greeting me  
What do I do  
You fool, you don't know my heart  
Will you know me now?

Listen, one, first, my confession  
Two, I wanna walk with you, just us two  
Three, when we go on our third date  
I like you so so so much

Whenever I see you  
I wanna shout it out loud  
I wanna be your girlfriend  
I wanna tell you

I like like like like  
I like you  
I like like like like

I like like like like  
I like you  
I like like like like

Should I tell you today? Should we start our love?  
I always wanna look pretty in front of you  
With an impatient heart, I try telling myself  
But my heart keeps acting on its own, pounding

Will you give me the answer I imagined?  
What if you say no? Sniff  
Hello hello, I see you greeting me  
What do I do  
You fool, you don't know my heart  
Will you know me now?

Listen, one, first, my confession  
Two, I wanna walk with you, just us two  
Three, when we go on our third date  
I like you so so so much

Whenever I see you  
I wanna shout it out loud  
I wanna be your girlfriend  
I wanna tell you

I like like like like  
I like you  
I like like like like

I like like like like  
I like you  
I like like like like

I've waited all this time  
Only to tell you how I feel  
Maybe it might be too early  
To tell you I like you  
But why don't you know that I mean it?  
I like you

Listen, one, first, my confession  
Two, I wanna walk with you, just us two  
Three, when we go on our third date  
I like you so so so much

Whenever I see you  
I wanna shout it out loud  
I wanna be your girlfriend  
I wanna tell you
