

## Ode To The Innocent

Diablo Swing Orchestra

As a child  
Soft and wild  
Imagine what life could be like  
Safe and sound  
Lost and found  
Here, not yet twisted in mind

Like a feather  
Like a whisper  
Like a promise shouldn't wither  
Away with the last rays of hope  
In a longing for belonging  
To something more  
A million light voices  
Now washed up ashore

Searching through the sky  
Seek for love that never dies  
Dreams and hopes will burn alive  
Hide what's there  
Not meant to share  
So most of the time  
I forgave and forgot

Like a feather...

But I can't find the trust tonight  
I can't sleep with this world outside

Like a feather...
