

Bulletproof

Diamante

They say there's hell to pay
You can keep the change if you want
When you're standing face to face
With the devil taking you on
Hit me with your best shot
You can't make my heart stop
Is that the best that you've got?

Baby

I can bleed, I can hurt
Knock me down in the dirt
I am strong I'll show you
Even when I'm black and blue

I can bleed, I can hurt
Knock me down in the dirt
I am strong I'll show you
Even when I'm black and blue

I'm bulletproof
I'm bulletproof
I'm bulletproof

They say that love's a game
I don't wanna play no more
Don't need no Novocaine
I can take the pain or walk out the door
Hit me with your best shot
You can't make my heart stop
Is that the best that you've got?

Baby

I can bleed, I can hurt
Knock me down in the dirt
I am strong I'll show you
Even when I'm black and blue

I can bleed, I can hurt
Knock me down in the dirt
I am strong I'll show you
Even when I'm black and blue

I'm bulletproof
I'm bulletproof
I'm bulletproof

You stripped me of my pride
You made me feel so small
But you could never take my soul
I'm not the same girl
You met so long ago
I thought you should know

I can bleed, I can hurt
Knock me down in the dirt

I am strong I'll show you
Even when I'm black and blue

I can bleed, I can hurt
Knock me down in the dirt
I am strong I'll show you
Even when I'm black and blue

I'm bulletproof
I'm bulletproof
I'm bulletproof
I'm bulletproof
I'm bulletproof
