

Coming In Hot

Diamante

Here I am with my drink in hand
Gonna make a little noise
It's 3 am
Me and my friends are hangin' with the boys
Strip away like a hurricane
And turn me upside down
Cause I'm an animal in a cage
Won't you come and let me out

Feel my body
Temperature's rising
Whether you're ready or not

I'm coming in hot
For the weekend
Won't you turn me up
Ready or not
I'm coming in
I'm coming in hot
Off the deep end
Electrify me up
Give me that shock
I'm coming in
I'm coming in hot

No alibi
Now you decide
Tell me what's it gonna be
Can't get enough
So fire it up
Let's get you down on me

Feeling naughty
My clothes are falling
Whether you're ready or not

I'm coming in hot
For the weekend
Won't you turn me up
Ready or not
I'm coming in
I'm coming in hot
Off the deep end
Electrify me up
Give me that shock
I'm coming in
I'm coming in hot

Feel my body
Temperature's rising
Whether you're ready or not

I'm coming in hot
For the weekend
Won't you turn me up
Ready or not
I'm coming in

I'm coming in hot
Off the deep end
Electrify me up
Give me that shock
I'm coming in
I'm coming in hot
