

I've got a thing for a thrill, take me up for a ride
With my hair in the wind I've never felt so alive
It's like adrenaline, it's like a rush inside
I'm not afraid to alive, I'm not afraid to survive

I'm living by the sun, I'm feeling by the moon
I'll dance in the fire cause I've got nothing to lose

Hell yeah I'm a wild heart
Couldn't catch me even if they tried
I'm a savage chick from the start
So I kiss the boys and make them die
I've got him hooked, I've got him bound
Just one look and he falls down
Hell yeah I'm a wild heart
Couldn't catch me even if they tried

Something comes over me like a new kinda energy
I just wanna sing and laugh at everything
I take on the open road cause the world calls my name
Where I'll go I never know cause I run like a flame

I'm living by the sun, I'm feeling by the moon
I'll dance in the fire, cause I've got nothing to lose

Hell yeah I'm a wild heart
Couldn't catch me eve if they tried
I'm a savage chick from the start
So I kiss the boys and make them die
I've got him hooked, I've got him bound
Just one look and he falls down
Hell yeah I'm a wild heart
Couldn't catch me even it they tried

The rhythm's in my veins
The songs are in my soul
I say who needs the pain?
When I've got rock n' roll

Hell yeah I'm a wild heart
Couldn't catch me even if they tried
I'm a savage chick from the start
So I kiss the boys and make them die
I've got him hooked, I've got him bound
Just one look and he falls down
Hell yeah I'm a wild heart
Couldn't catch me even if they tried
