

Unfuck You

Diamante

If I could I'd go and unfuck you yeah
I like to pretend you mean nothing yeah
Come one more time
Then I'll hit rewind
If I could I'd unfuck you yeah

Drunk at 2 am
(You're looking for me)
Here we go again
(I like what I see)
I like what I see, but
It's not what I need, but
The way you say nothing
Is speaking to me

Why I gotta do this every time?
Trust me when I cross that line
I really cross that line

If I could I'd go and unfuck you yeah
I like to pretend you mean nothing yeah
Come one more time
Then I'll hit rewind
If I could I'd unfuck you yeah

Back inside your bed
(You're looking at me)
Here we go again
(It's not what it seems)
It's not what it seems
It's not what I need
The way I feel something
Is messing with me

Why I gotta do this every time?

If I could I'd go and unfuck you yeah
I like to pretend you mean nothing yeah
Come one more time
Then I'll hit rewind
If I could I'd unfuck you yeah

'Bout to blow like a trumpet
Got toys in the luggage
Overseas like a crumpet
Nine lives, pussy love it
On top and you love it
On top of the summit
Caught feels but it's nothing
(Fuck it)

If I could I'd go and unfuck you yeah
I like to pretend you mean nothing yeah
Come one more time
Then I'll hit rewind
If I could I'd go and unfuck you yeah
I like to pretend you mean nothing yeah

Come one more time
Then I'll hit rewind
If I could I'd unfuck you
Every time I cross that line
If I could I'd unfuck you yeah
Trust I really cross that line
If I could I'd unfuck you yeah
