

# Blood on My Hands

Diamond Head

Lost my way  
Love I ain't gonna leave you  
Alight my grace, my friend  
I'll resurrect my broken ego

I wake up choking on this rage

Please hold my hands  
Tie me up and kill my demons  
I'll hold my breath, I said  
I won't wait for your Jesus

I wake up choking on this rage  
And find

Blood on my hands  
Blood on my hands

And if it comes again  
My bullets in the air  
I'll need a real reason  
To live it all again

Please hold my hands  
I can't wait for your Jesus

And I drown again, and I drown again  
And I drown again, and I drown again  
And I drown again, and I drown again  
And I drown again

Wake up choking on this rage  
And find

Blood on my hands  
Blood on my hands  
Blood on my hands
