

Sona

Diamond Platnumz

Girl let me show you
How much I love you
With my lips on your own
Let my hips do the talking
Let me show you
How much I care for you
You can relax let me work it (work it)
I'll go down on you and take you away
I never thought I'd share a bed with a woman so fine
Usinipe kitandani leoNipe kwa sofa
Pour the liquor
Turn off the light
Give me slow whine
Sekkile pon me
Pour the liquor
Turn off the light
Tarara tararara

Ma cheri sona
Your body gimme fever
My baby sona
Now I'm a believer
Girl your love is all me I want for life oh
Hey sona
Your love is all me I need for life oh
Hey sona

Baby take it down low low
Simmer down let me go slow slow
Hold me don't let me go no
Let me know what to do you
Say my name cos it turns me on
I be giving you all night long
I know that you want me
Baby I'm ready
Pour the liquor
Turn off the light
Give me slow whine
Sekkile pon me
Pour the liquor
Turn off the light
All of the light

Ma cheri sona
Your body gimme fever
My baby sona
Now I'm a believer
Girl your love is all me I want for life
