

At the Bar

Diamond

One more time
Let's get drunk at the bar
Me and you at the bar
On patron, now it's on, now it's on
One more time, one more time
Let's get drunk at the bar
Me and you at the bar
On patron, now it's on, now it's on
One more time, one more time
Let's get drunk at the bar
Me and you at the bar
On patron, now it's on, now it's on
Ok, ok, ok

Step into the bar, we drunk as hell
Eyes by the red boy can't you tell
We're up deep so we don't see you
Hating from the sideline
Talk about a henny up pop that shit
Got a cigarella, roll that shit
Tell by the way I walk and the way I talk
I kick your ass real quick, quick
Look on some other shit
I got some better chicks,
That say they ready, get to the paper
So fuck you selling this
I'm feeling really elegant
But faded than a motherfucker
Dj Paul and Juicy J, pass that goose right bout my way
That's what you say, the ace is in the building
So fuck niggas looking like they want me to have they children
... scrip banded, lip gloss painted
Miss 32 signing off, hoes keep hating!

Sprinkling lead, I'm puring up
Soon as a player like the blood
All these hoes start running up
Sack chase, sack chaser,
Get up bout my sack hater
Vip, bottle service, meet in the back player
Back of the club withk the back of the limo
Smoking backwoods in the back of the lack
Back on track, hit your girl from the back

Get the dj booth down ...track
Hunned dollar bills in ...pills
Half the party's at the wu
It's the vip a miss 32, it's taylor gang
Juicy what it do
Everyday I'm smoking, everyday I'm drinking
Getting fucked up got me thinking just one more time
And it's on again, og kush, patron again
Molly got me in that zone again
It's time to turn on we going in

Bet y'all niggas don't ball like this
I wail at the frame that the rock band kiss
Show me the skills I'm popping it
Show me the liquor I'ma drank me a 50
Show me the kush, I'ma have you fit
Rob the bar, we can all get dough
And don't lease unless the doors gonna close
I live with the bar and I sleep with the bar
So the...nigga give me more

Trippy like a pro we can do a lot dough
You can bring a little gram cause all gonna go
