My friends get loco, shopping out at Soho  
Smoking on the grotto, body just like choco  
Yea, call me Dorothy but no Toto  
Red bottoms like they hodo  
I'm hopping out, exotic photos  
Got me posing for the paparazzis, posing for the photos  
They got me flipping up these car doors  
So middle finger to you late hoes

Why this bitches on my bra strap?  
They check the swag, they kitty cat  
I'm a young legend in this game  
Everywhere I go you hear 'em clapping for my name

Clap, clap - you hear 'em clapping for me  
Clap, clap - you hear 'em clapping for me  
Clap, clap - you hear 'em clapping for me  
You hear 'em clapping for me, clapping for me

Million dollar headaches, million dollar niggas  
3 or 4 whips, I tinted out nigga  
Cuz you're all in my business  
Tryna figure how I do this  
Hot chick, this bitch about my condo  
Bad hoes should know she owe me though  
Be frontin' when she on the show  
Don't make me pull them papers out

Why this bitches on my bra strap?  
They check the swag, they kitty cat  
I'm a young legend in this game  
Everywhere I go you hear 'em clapping for my name
