

Role Model

Diamond

They say I'm a role model, but not a good leader
Cuz I be chief in reefer, sitting in my two-seater
Bust dat desert eagle, spit it like my last breath
Put my music on the shelf; let the fans do the rest
I'm a role model, but not a good leader
Cuz I be chief in reefer, sitting in my two-seater
Bust dat desert eagle, spit it like my last breath
Put my music on the shelf; let the fans do the rest

Since I'm not a role model, let's just state the facts.
I've been writing rhymes, spitting bars up on these tracks
Push them haters up off my back
Smoking kush and purple thrats
Cuz that shit helps me relax
Plus with all that other crap
Let's just say it ease the pain, cuz im just going insane
I can't live without it shawty, it's a part of the game
I found myself on the road to success
And that I want be no one else
I am the one...
I owe it all to myself
Been hurting... too death
That's why I spit for myself
And put this shit on the shelf
Because I'm part of my grind
I do this shit all the time
It ain't a thang about me perfect
Bold and underline

Been in some situations
I've had some confrontations
They didn't wanna solve em, but made some false allegations
I am the motivation
I mean the motivator
I'll see you haters later
Cuz I am getting paper
So for yo information
And all yo conversations
I hear you cha-cha-chatter
Whisper dat away
Cuz diamonds on another page
And probably be up on yo stage or in yo damn arena
Rollin out up in the beamer
You can catch the middle finger
And for that matter, I run that spatter in yo bones
I will shatter with the lyrics of disaster
I can make you call yo pastor
If you scared then go to church
Live yo life, im living mine
It ain't a thang about my perfect
Bold and underline

When you look at me you'll see I'm not perfect
When you look at me you'll see I'm just learning
Tryna be my best, keep niggas off my chest
Don't you look at me, just look at TV
