

Bop-A-Diddly-Do

Diana DeGarmo

It's quitting time, but it's getting time
Throw on a record. Dress up to the nines
Head into the city looking for a party
Hope I find somebody to get a little naughty
My toes are tapping and folks are laughing
Next thing ya know a party's happening
We just want to let go. Leave my worries at the front door
Have a little fun while the night's still young
Snap those fingers the beat is in your bones
Let your hair down, we're shackin' loose your soul

We're going out tonight
We're gonna dance till light
Takin a chance tonight
I wanna bop-a-diddly-do
Oh, it's time
Do what we know feels right
I am yours and your mine
I wanna bop-a-diddly-do
Bop-a-diddly-do
Bop-a-diddly-do-ooo with you

Now let me show ya two steps right and one big left
Slide on back and reverse yourself
Wiggle round the middle oh but just a little little
Vine it on back and then shake, shake
I Said two steps right and one big left
Slide on back and reverse yourself
Wiggle round the middle oh but just a little little
Vine it on back and then shake, shake
Snap those fingers the beat is in your bones
Let your hair down we're shackin' loose your soul

We're going out tonight
We're gonna dance till light
Takin a chance tonight
I wanna bop-a-diddly-do
Oh, it's time
Do what we know feels right
I am yours and your mine
I wanna bop-a-diddly-do
Bop-a-diddly-do
Bop-a-diddly-do-ooo with you, with you

Hey what do ya say we take this thing back to my place
The night's going way too fast, slow it down a little bit
Yeah, I like you too, I really love the way we move
Now let me show you how to bop-a-diddly-do

We're going out tonight
We're gonna dance till light
Takin a chance tonight
I wanna bop-a-diddly-do
Oh, it's time
Do what we know feels right
I am yours and your mine
I wanna bop-a-diddly-do

Bop-a-diddly-do
Bop-a-diddly-do-ooo with you, with you
Bop-a-diddly-do
