

Lickety-Split

Diana DeGarmo

I know exactly what you're up to
You've got that special thing about you
Don't you act so hard up I just want to fill your tank up
Now get that body next to mine

One shot of the good stuff, two shots from the well
Three shots fill them up, up, four you're falling for the spell
Is this heaven, is this hell

Lickety-split, yeah, we've got to get
Come on baby let's roll
Lickety-split now no time to think
Come on baby let's go
Yeah, get, get, get, get, get, get, get, get, take me for a spin
I said lickety-split, yeah, we've got to get
Come on baby let's roll

Now that I've got you feeling so good
My bodies aching for what we should
You've got me against the ropes my hearts on overload
Ding ding ding let's go another round

One shot of the good stuff, two shots from the well
Three shots fill them up, up, four you're falling for the spell
Is this heaven, is this hell

Lickety-split, yeah, we've got to get
Come on baby let's roll
Lickety-split now no time to think
Come on baby let's go
Yeah, get, get, get, get, get, get, get, get, take me for a spin
I said lickety-split, yeah, we've got to get
Come on baby let's roll

Don't you worry they wont know
I wont tell a single soul
There's no hurry they wont see
Fill em up, fill em up, fill em up

Lickety-split, yeah, we've got to get
Come on baby let's roll
Lickety-split now no time to think
Come on baby let's go
Yeah, get, get, get, get, get, get, get, get, take me for a spin
I said lickety-split, yeah, we've got to get
Come on baby let's roll
Lickety-split yeah we've got to get
Come on baby let's roll
Lickety-split now no time to think
Come on baby let's go
Yeah, get, get, get, get, get, get, get, get, take me for a spin

I said lickety-split yeah we've got to get
Come on baby, come on baby, come on baby let's roll!
