

## Lucky In Kentucky

Diana DeGarmo

I placed a bet on a thoroughbred  
Who's gonna put me right on top  
My odds are best he's hands above the rest  
A lean and mean winning wild card steed  
And when that little colt gets his final jolt  
He's gonna run, run, run us all the way home  
Oh, I ain't gonna wait for no lazy gait  
I like it when they're chomping at the bit  
And I know we've got our eyes set out on the prize  
I'm gonna take that purse on the town tonight

Giddy up little pony bring home the gold  
Giddy up little pony mama wants her a rose  
Giddy up little pony don't leave us in a dead heat  
Ooo-wee, I'm gettin' lucky in Kentucky

Heat's on the rise humidity's getting high  
The stage is set we're sweating in our best  
But my star is fresh gonna be head of the stretch  
Serving up a supper full of dust  
I love a romp got this thing on lock  
Come on closer is time to graduate  
On your mark, get set, let's go, crowd's starting to roar  
Seats are packed we're ready for a show  
With my ticket in hand hold my heart and take a stand  
When they ring that bell man I'm gonna yell

Giddy up little pony bring home the gold  
Giddy up little pony mama wants her a rose  
Giddy up little pony don't leave us in a dead heat  
Ooo-wee, I'm gettin' lucky in Kentucky

Go little pony go go!  
Come on little pony, come on little pony  
Come on, come on, come on, come on, come on!

Giddy up little pony bring home the gold  
Giddy up little pony mama wants her a rose  
Giddy up little pony don't leave us in a dead heat  
Ooo-wee, I'm gettin' lucky in Kentucky
