Let da music hold u, let it control u  
Baby u don't hafta be so uptight  
Let it penetrate u, liberate u  
And you'll b doin' it, doin' it all night  
Don't b afraid, just ride the ride the rydem  
Nutn is forbidden and nutn is a sin  
I get the feeling you're holding back  
Crank up the track, an' let us begin

Dance like no one's watching us  
Let loose, don't be so serious  
Let the D.J. take yer body to a higher love  
Let's dance  
Like no one's watching us

It's all about the feeling you're revealing  
So baby show me show me some more  
U can undress me, ya know you're sexy  
When u jamming me on the dancefloor  
Don't be ashamed, jus' move yer body  
Follow me follow me from the inside out  
Close your eyes and work that thing  
Ting-a-la, ting-a-la, ting-a-ting-a ling ling

Dance like no one's watching us  
Let loose, don't be so serious  
Let the D.J. take yer body to a higher love  
Let's dance  
Like no one's watching us

Bounce  
Yeah baby bounce baby bounce yeah  
Shake  
Yeah baby shake baby shake yeah  
Slide baby slide baby slide  
'Cause no one's watching

Let da music hold u, let it control u  
Baby u don't hafta be so uptight  
Let it penetrate u, liberate u  
And you'll b doin' it, doin' it all night  
Don't b afraid, just ride the ride the rydem  
Nutn is forbidden and nutn is a sin  
I get the feeling you're holding back  
Crank up the track, an' let us begin

Dance like no one's watching us  
Let loose, don't be so serious  
Let the D.J. take yer body to a higher love  
Let's dance  
Like no one's watching us
