

The Answer's Always Love

Diana Ross

What if we could find a way?
To laugh, love, and pray
And all of the choices that we make
Would bring a brighter day
And what if there were no boundaries
To keep us apart
What if the only thing we made?
Was music, love, and art?

What if we all knew we were one
Cause we understood?
This world would be a perfect place to love
If only we could

You say I'm just a dreamer
Like it's such a bad thing
You can ignore the dreamer
But you can't deny the dream
And I say I'm a true believer
What I'm so certain of
Is no matter what the question
I know the answer
The answer's always love, love

What if there were no problems?
That we couldn't solve?
What if the only thing we needed to do?
Is get involved?
That's when we'd all know we were one
Cause we understood
This world would be a perfect place to love
If everyone would

Oh, you say I'm just a dreamer
Like it's such a bad thing
Well, you can ignore the dreamer
But you can't deny the dream
And I say I'm a true believer
And what I'm so certain of
Is no matter what the question
I know the answer
The answer's always love

So, tell me now
Why we all
Seem to love to hate so much?
If love's a sweet thing
This world needs
We can't love enough!

Oh, you say I'm a just a dreamer
Like it's such a bad thing
Well, you can ignore the dreamer
But you can't deny the dream
And I say I'm a true believer
And what I'm so certain of
Is no matter what the question

I know the answer
The answer's always love
