

# Lightning Strikes

Diana Vickers

Sitting in the back sitting in the cap in that old cap day  
Making the list and run some'for tonight when I DJ  
I watch the morning ring, day tunes in the window pane  
So I pick up my bags I'm heading to the door  
I make a run for it before the next sample  
And I spill my coffee on some passing guy  
And I apologize and he kinda smiles and

Lightning strikes hits me hard inside  
All the lights my heart beats  
From the rose and I know I can fight, I can fight  
I can fight, lightning strikes  
Lightning strikes hits me hard inside  
All the lights my heart beats  
From the rose and I know I can fight, I can fight  
I can fight, lightning strikes

Had I been grown in a parallel world  
In that all kept day  
Sitting in the back sitting in the cap watch the morning rain  
Daydreams in the window pane  
And we never wanna go, we never wanna go  
We never wanna leave  
But I keep on heading straight towards the door  
I make a run for it before the next rain  
And I ' on some passing guy  
And I apologize and I smile and

Lightning strikes hits me hard inside  
All the lights my heart beats  
From the rose and I know I can fight, I can fight  
I can fight, lightning strikes  
Lightning strikes hits me hard inside  
All the lights my heart beats  
From the rose and I know I can fight, I can fight  
I can fight, lightning strikes

Na na na na na hey  
Na na na na na hey  
Na na na na na hey  
Na na na na na hey  
Lightning strikes, oh  
I can fight, I can fight  
And I know I can fight, I can fight

Lightning strikes hits me hard inside  
All the lights my heart beats  
From the rose and I know I can fight, I can fight  
I can fight, lightning strikes  
Lightning strikes hits me hard inside  
All the lights my heart beats  
From the rose and I know I can fight, I can fight  
I can fight, lightning strikes
