Diane Birch

Man on first / boys in blue & orange burst Winning now / chances are they'll lose somehow Get your fix / like you did in '86 The bad guys won / party kids have all the fun

Kings of Queens / with no means to rule
There will always be a crowd to fool
Kings of Queens / with no means to rule the world
To rule the world

Man on third / loudest sound you ever heard C'mon Amazin's / give us the feelin' we still believe in Miracles / triple crowns and walk-off chills Stealing home / in-between you're all alone

Kings of Queens / with no means to rule
There will always be a crowd to fool
Kings of Queens / with no means to rule the world
To rule the world

C'mon Amazin's / give us the feelin'
C'mon Amazin's / give us the feelin'
We still believe in

Kings of Queens / with no means to rule
There will always be a crowd to fool
Kings of Queens / with no means to rule the world
To rule the world
