

Woman

Diane Birch

Wash me in your love
Crown me with your burdens
I walk in your shadow
I wait at your window
Take me inside your heart
Whisper on the winds the secret
The song of the sparrow
The point of the arrow
Woman
Woman

Ancient mother of the skies
Hiding behind my eyes
Come out into the open
Before the world is broken
I am, I am
The shape of your shadow
The blood on your arrow
