

# Nevermore

## Diary of Dreams

Help me letting go  
Help me holding on  
Guide me step by step  
Kill me word by word  
Break me bone by bone  
Hurt me nevermore

Sing with me  
Drink with me  
Drown me in wine  
Sail with me  
Fail with me  
Help comes in time  
Lie with me  
Cry with me  
Tell me you're mine  
May it be perfect it still is a crime

Heal me stitch by stitch  
Fix me piece by piece

Hear me say your name  
Help me if you can

Adore me  
Ignore me  
Obey the divine  
Conquer  
Enslave me  
To whisper your line  
Hurt me  
And heal me  
To save me in time  
May it be perfect it still is a crime

Sing with me  
Sing with me, sing
