

Your Love

Diddy

We in the motherfucking building,
A hundred fucking bottles, yeah,
Come on
Let go

Girl I want you face down first thing when I wake up
I already got you covered girl ain't no need for make-up
I just need a camera and someone to tape us,
Internet ain't ready for the way that we gon' make love

Feeling right now,
I need you right now
Trying to hold back but you can get it
Don't tease right now,
Baby please me right now
Girl scream yes if you with it

Got, got, got, got, got one question, one question for you
When I'm going through withdrawals
Tell me what I'm supposed to do
Cause I need your love I want your love
Girl it ain't the same if I ain't got your, love
Your love, your love, your love,
Your love, all I want is you baby,
All I want is you baby
All I really want is you
Your touch, your sex, is my drug,
Baby all I want is you baby,
Only want is you baby

I'ma put in your face boy
As soon as you wake up,
Know you wanna hit it
Want me to be a little slut
If you do it good
But I'll return the favor
Baby I'm tired of the bed
I wanna try it on the table
Boy I'm feignin' right now,
And I need you right now
Come, come a little closer you can get it
Tease me right now,
You please me right now
Let your tongue walk on this pussy

Got, got, got, got, got one question, one question for you
When I'm going through withdrawals
Tell me what I'm supposed to do
Cause I need your love, I want your love
Boy it ain't the same if I ain't got your love

Your love, your love, your love, your love,
All I want is you baby,
All I want is you baby
All I really want is you

Your touch, your sex, is my drug,

Baby all I want is you baby, I only want is you baby

Bitch you know I'm diddy hoe, real deally yo,
Real estate in the states spilling in Philly yo
I did it for the team,
I did it for you shorty,
I did it for the fam',
I did it for the glory
Cocky niggers still half cockin' my Yankee fitted
My wrist Rocky Sylvester Stallone, Jacob did it
Early birds, furry furs,
Is it hers, baby girl silver spurs
You know I stay on my grind and she be right there
The shit I'm doing won't be or done in light years
Talking me and you,
The world is ours,
All we need is our love money and the power

My love, your love
Your sex is my drug
I need your body here tonight
I ain't leavin' this club without your love
Your love
Your love
Your love
Your love
Your love
All I really want is your love,
Oh, oh, oh, oh, oh, oh,
Love, yeah
