

Begin Again

Didirri

I feel the breeze
Feel it on my neck
Feel it on my neck it's grand

Can you feel my squeeze?
Just stay with me
Stay and begin

Now I'm wide eyed and lost again
Babe take me outside of myself again
Found my crying eyes you fell for and then
Begin again
Again begin

I feel sunlight
Smell it in the air
Feel it in the air and sky

Can you hear the truth
As it burns in you
When you give in?

Cause you're wide eyed and lost again
Babe take me outside of myself again
Found my crying eyes you fell for and then
Begin again
Again begin

I feel the change
Hear it in my name
Hear it in my name it's new

Could it be the day
Or maybe a phase?
I want this to last an age

Cause I'm wide eyed and lost again
Babe take me outside of myself again
Found my crying eyes you fell for and then
Begin again
Begin again
Again begin
I feel the breeze
Feel it on my neck
Feel it on my neck it's grand
