

# I Can't Get Last Night Out Of My Head

Didirri

One more thing before I go  
I know you said you'd call me in an hour or so  
But I have to call and say

That I can't get last night out of my head  
No, I can't get last night out of my head

One more thing before I grow  
Mix it up, let's take it slow  
But I have to call and say

That I can't get last night out of my head  
No, I can't get last night out of my head

And I know that I'll be here  
And I'll take you over tears  
I just want to make it clear that I love you

One more thing before I check out  
This dry well has sprung a leak and I'll  
Just have to say that I

Can't get last night out of my head (last night out of my head)  
I can't get last night out of my head (last night out of my head)  
I don't want to spend a single night in my own bed (last night out of my head)

Slow down  
Slow down  
I bruise easily  
I bruise easily  
I bruise easily  
I bruise easily

I can't get last night out of my head I> (last night out of my head)  
No, I can't get last night out of my head (last night out of my head)  
I don't want to spend a single night in my own head (last night out of my head)  
I can't get last night out of my head (last night out of my head)
