

## Happy New Year

Dido

I walk home with snow falling  
Deep on, frozen loneliness  
And I'll leave all those celebrating  
All the things that they have done

I'll come over to your office  
And watch 'em come and go  
Though I know  
I won't see you there

Now take a train down to the coast  
And sit and watch a scene  
I'll be sitting there  
Alone

And as usual above all things  
I miss you every day  
Without pause

Happy new year my darling  
Happy new year

I walk home with snow falling  
Deep on, frozen loneliness  
And I'll leave all those celebrating  
All the things that they have done

Happy new year my darling  
Happy new year
