

# Hurricanes

Dido

I wanna wake up  
With your weight by my side  
And I wanna think that  
You look good as you rise  
And I wanna turn to you  
Turn around by your side  
And I wanna think  
But not to say

Let me face  
The sound and fury  
Let me face  
Hurricanes

And I wanna see you  
As you walk through the door  
And time will make us  
Some ways less and some ways more  
And I wanna talk of nothing  
As the world passes by  
And I wanna think  
But not to say

Let me face  
The sound and fury  
Let me face  
Hurricanes

Let me not turn away  
From happiness or pain  
Just not to run away  
In my heart and in my head  
Let me face  
Hurricanes

Hurricanes  
Hurricanes  
Hurricanes  
Hurricanes  
Hurricanes

Let me face  
The sound and fury  
Let me face  
Hurricanes

Let me face  
The sound and fury  
Let me face  
Hurricanes  
Hurricanes
