Paris

Coming back from Paris on the train I really didn't care if the journey took all day Try to turn the pages of my magazine Whilst trying to keep a hold of your hand annd Ordering a coffee that I wouldn't ever drink Just to keep you and Paris on my mind Just to keep you and Paris on my mind I didn't know it would be the last time The last time I saw you

At Waterloo we went our separate ways When I got in my cab I didn't turn and wave I didn't go to work Just went to bed Trying to keep you and Paris on my mind Trying to keep you and Paris on my mind I didn't know it would be the last time The last time I saw you

I phoned your office this afternoon They said they hadn't heard anything from you It's been seven days without a word I have to keep you and Paris on my mind I have to keep you and Paris on my mind I didn't know it would be the last time The last time I saw you

Going back to Paris on the train Raining and without you it's not the same I have to do this journey one more time Just to keep you and Paris on my mind Just to keep you and Paris on my mind I didn't know it would be the last time The last time I saw you

The last time I saw you (3x)

Dido
