

## This Is Love

Dido

Well, it's done and now, now we can walk away  
Take the love and leave the rest behind  
Hey love, hey love, we don't need anything  
Now it's just me and you and more than I deserve

Oh, what a day!  
Oh, this is love!  
Oh, what a life!  
Oh, this is love!

There is unknown, there is loss and there is pain as well  
We are proof that you can win it all  
We are safe, we are free, don't wanna change a thing  
And God, I feel thankful for all you brings in me

Oh, what a day!  
Oh, this is love!  
Oh, what a life!  
Oh, this is love!

Oh, what a day!  
Oh, this is love!  
Oh, what a life!  
Oh, this is love!  
Oh, this is love!  
Oh, this is love!
